

Boyne Falls Public School

Respect, Skills and Knowledge, Throughout Life

Cynthia Pineda, Superintendent/K-12 Administrator

February 15, 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2020-21 educational progress for the Boyne Falls Public School district. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Cynthia Pineda for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site <https://bit.ly/3aXO6RT>, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Civil Rights Data

- Provides information on school quality, climate and safety

Review the table below listing our schools. For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no status label is given. Our school has not been given a label.

Here at Boyne Falls, we continue to be proud of our students' efforts despite the struggles that we encountered during the 2019-20 school year. We will continue to work with our students in furthering their understanding of mathematical concepts and to improve their analytical skills across academic disciplines.

The entire Boyne Falls staff would like to thank our parents, families, and community members for their continued support. Through our combined efforts, we are providing a great education and wonderful opportunities for our students to reach their potential. We look forward to celebrating more successes in the future.

Sincerely,
Cynthia Pineda
Superintendent/K-12 Administrator
